Claims 8-11, 13-18, and 20 are allowed over the prior art of record and in light of applicants' arguments. Claims 1-7, 12 and 19 have been cancelled.

The amendment filed on 02/06/08 has been entered in the file.

The following is an examiner's statement of reasons for allowance: the prior art fails to teach as a whole the steps of classifying said demands into fair share sets, wherein all demands within each fair share set have the same priority; calculating the cumulative demand for each resource within each fair share set; and allocating said resources to said fair share sets in order of fair share set priority, wherein, if during said allocating process the supply of a given resource cannot satisfy a given cumulative demand of a given fair share set, said given resource is allocated proportionally among all demands that contribute to said given cumulative demand within said given fair share set; and wherein said allocating process encourages proportional sharing by imposing penalties for non-proportional sharing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
